### Steps

### Note

Your mobile phone number and password are the login data for the VIMpay account. The top-up account must be a German account (German IBAN).

### Tip

Choose a secure, unique password that you don't already use with any other service.

The screenshot shows the VIMpay registration form. At the top is the VIMPAY logo. The form is titled "Personal data und login details". It includes fields for Salutation (dropdown menu with "Mr." selected), First name (text input with "Sandro"), Surname (text input with "Müller"), Mobile phone number (text input with "01736483495"), and Date of birth (DD.MM.YYYY) (text input with "01.05.1980"). There are password fields for "Password:" and "Confirm password:", both showing masked characters. Below the password fields is a "Password strength" indicator showing a full green bar. Below this is a "Top-Up account" section with a text input for the IBAN, containing "DE16213522400000050500". A note below the IBAN says: "You can only link a German account to your VIMpay card." At the bottom, there is a checkbox labeled "I accept the T&Cs, the SEPA direct debit conditions and I confirm a binding order." which is checked. Two green buttons, "Back" and "Order", are at the bottom right. A blue footer bar contains the text "ditions" and "Questions".

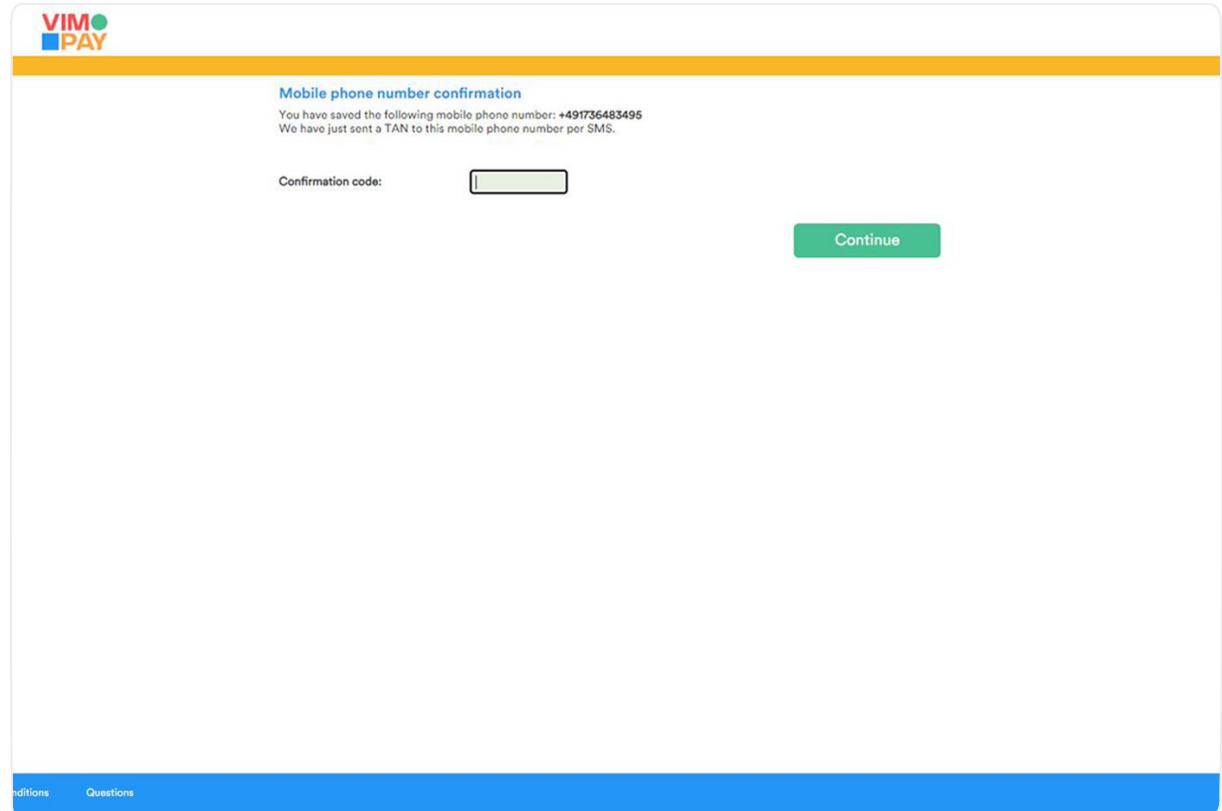

## 02 Confirm mobile phone number

### Steps

- You will receive a 6-digit confirmation code as SMS on your mobile phone
- Click on the button "Get code" when you have received the SMS with the confirmation code and enter it in the next step
